NUMBER 36

THE KNIGHTS TEMPLAR

Parade Will Be a Corker—Line of March.

The Knights Templar parade next month will be one of the grandest sights ever witnessed in this city. There will be a number of the best bands in the country here, mounted Knights, Knights on foot and Knights in carriages. We give the line of march below so the residents along the line can leave their orders with the committee for decorations, as it is much desired that the houses along the line be decorated.

The line will be formed on High street, between Seventh and Twelfth and intersecting streets, immediately after the services at the Christian church, which will take place at 9:30 a. m. They then proceed east on Twelfth to Pleasant north on Pleasant to Second; west on Second to Main; south on Main to Twelfth; west on Twelfth to Cypress, through Bourbon College grounds to Walker avenue; north on avenue to Seventh; east on Seventh to High; north on High to Broadway; east on Broadway to Main, where they will pass the reviewing stand in front of the courthouse.

Nice Restaurant.

Jas. E. Craven has greatly improved his restaurant and Lunch Counter and is better prepared to furnish the wants of the public in that line. He has secured the services of the expert caterer, Wm. Miller, and you can get most any thing you want on short notice. Give him a call. 24-2t

Residence and four choice city lots will be sold tomorrow at 2 o'clock at the Ben Ingels sale.

Country Residence Burns.

The residence on the farm belonging to the heirs of the late Dr. Joe Fithian, about four miles from town, burned to the ground Sunday evening. It was known as the home place of the late Mrs. Patsy Clay. The house was occupied by Mr. G. W. Fitzpatrick and contained six rooms with porches on each side. Mr. Fitzpatrick succeeded in getting his furniture out but lost all of his clothing. Loss is partially covered by \$1,200 insurance. The fire started in the upper part of the house from some unknown cause.

A Free Will Offering.

The Mission Band of the Christian church will have a free will offering social in the parlors of the church Friday evening, April 27, at 7:30 o'clock. There will be a musical program and refreshments served. Everybody invited.

DEATHS.

—Mike Toolin, Jr., died at the residence of his parents, Mr. and Mrs. Mike Toolin, Saturday afternoon, after an illness of several months. Mr. Toolin had been in declining health for some time, but had been improving up to about ten days ago when his symptoms became alarming and developed into pneumonia. He had many friends who will regret to hear of his death. He was thirty-two years of age. Besides his parents he is survived by two brothers, Patrick Toolin, of Florida, and Hughie Toolin, of this city, and five sisters, Mrs. Mary Brady, Mrs. J. A. Schwartz, and Misses Margaret, Katie and Matilda Toolin, all of this city. The funeral was held from the Catholic church yesterday morning at 9:15 o'clock, the services being conducted by Rev. Father James Cusack. Burial at Catholic cemetery.

—Mrs. George Plemmons, aged twenty-two years, died at noon Saturday, at her home on Lileston avenue, of tuberculosis. She is survived by her husband and an infant child. The funeral occurs from the residence Sunday afternoon at 2 o'clock, conducted by Rev. G. W. Clarke, of the Baptist church.

Abandoned Switch on Bank Row.

We understand the Bluegrass Traction Co. has abandoned the idea of putting a switch on Bank row, the property owners telling them they would be enjoined if they attempted to place it there. In consideration of abandoning this the city will allow the company to run a spur into the yard of their station on corner of High and Fifth streets.

There's another sort of checks and plaids. They're full of life and cheerfulness and beauty aplenty, but there is withal the observance of a discreteness that never permits pattern to exceed the bounds of good taste. It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." OUR APOLOGY.

A card published in Saturday's Democrat, signed by Ida M. Keam, in reference to an editorial in our last issue is not worthy of notice, still it contains such rank misrepresentations of the editor of this sheet we feel it our duty to reply briefly. The lady demands an apology and we are of course bound to make one, so here goes. We deny publishing the article referred to through any "selfishness or malice" whatever. We deny calling several times to secure the printing of the book, only once and then sent for by the lady. We deny most emphatically of calling the lady or anyone else connected with this work fakirs. Webster gives the definition of "fakir" as a "begging monk," and surely we would not and could not use such a word in reference to this or any other lady, but if she insists that we called her one we most humbly apologize.

We do not care to get into a controversy with anyone, especially a lady, and will now let the matter drop, but to show that we meant no harm and that the article was only published for the public good we reprint it below:

UNDER THE CLOAK OF CHARITY.

When you see our merchants taken in almost daily by fake advertising schemes and our citizens in general by fakirs who come here getting up entertainments under the cloak of sweet charity, but in reality for themselves, we think the time has arrived to call a halt. For instance, our merchants have been visited in past ten days by a solicitor for advertisements to go into a catalogue, which will contain nothing but the ads. with a verse of poetry between each. Our merchants paid at the rate of \$20 per page for twenty pages. This book is represented as being gotten out for the benefit of the hospital fund, the solicitor getting 80 per cent. and the hospital 20, so we are informed. The manuscript for 900 copies of this book is now in the hands of a Lexington printer. If this is not an imposition on our merchants we would like for some one to show us. It recalls the old saying, "you can fool some of the people all of the time, you can fool all of the people some of the time, but you can't fool all of the people all of the time."

Then again, a lot of fakirs come here and get the ladies interested in getting up some kind of an entertainment for the hospital or some other charitable purpose. They spend about ten days in our midst, the ladies not only go to the expense of getting their children costumes for the entertainments but work themselves almost to death to make the entertainment a success, and after the show the strangers pocket the largest part of the proceeds and gone with our money forever, the hospital fund getting but a small per centage.

We are in favor of the Paris Hospital, we are in favor of home people getting up entertainments for the fund, and we are willing to help and boost along anything that will keep all of the money at home, whereby the hospital fund will get the money, but we are opposed to our people being imposed upon by a lot of traveling fakirs who go the rounds and make a living under the cloak of charity, it is nothing more or less than an outrage upon our citizens.

TAKE TIME BY THE FORELOCK.

Next month Paris will be the host of a large number of important and influential men of this State. The occasion will be the State Conclave of Knights Templar. A large number of these chivalrous Knights will bring their wives, daughters and sweethearts along with them. Therefore it behooves every citizen of Paris to begin now in cleaning up their premises and keep them clean. Let the city fathers see that our streets will have the appearance of being swept with a new broom every morning. We want these gallant Knights to leave our city with the impression that Paris is not only the best and prettiest city of the fourth class in our State, but that it is the cleanest. If everybody will take some pride in this matter and each do their duty, it will be an easy matter to so convince the visitors. A bushel of lime, a white wash brush, a few gallons of paint for fronts of houses, fences, etc., and a little labor, would tell the tale.

THE MAN WITH THE MUCK RAKE.

In his speech at the laying of the corner stone of the office building of the House of Representatives, President Roosevelt cited John Bunyan's man with the muck rake, as an illustration of the magazine and newspaper writers now engaged in criticising men in public life. The President placed special emphasis on the fact that Bunyan's man always looked down, and could not be induced to look up; and he stated that critics of public men were very much like him.

The President's illustration is not very apt. In the first place, critics of today are too frequently compelled to look down instead of up, because they find more down than up to write about. In the second place, critics of to-day do have ideals of what public men should be, and failing too frequently to find these ideals, have to account for their disappointment. In the third place, they do give credit where credit is due, but like all people have at last had the scales taken from their eyes, so that they see public men as they are.

Critics of to-day, generally speaking, are not like the man with the muck rake. The fact of the matter is they are much the same as the critics of yesterday; but the public men have changed, and to such an extent that they no longer enjoy the confidence of the people as public men used to.

Need More Men.

The Northern Indiana Presbytery decided that extraordinary work must be put forth to convert more men "or there will not be enough bass singers to make harmony in the heavenly choir." It also decided to cut "hell" out of the creed. The words "eternal torments," which have stood in the Presbyterian creed for 250 years, will be stricken out. Instead, the term "destruction" will be substituted.

16 WOMEN BURIED ALIVE

After Bandits Had Compelled
Them to Dig Their Own
Graves.

Sixteen women buried alive, 16 band-
its at the stake, and the whole country
in an uproar is the tale of a week's
riotous doings in the Macedonian vil-
lage of Ivon, east of Monastir, Greece.
Fighting had been going on for sev-
eral months in that section between
the Greek inhabitants of Ivon and Bul-
garian bands that had been infesting
the neighborhood. The climax finally
came when the Bulgarian chief, Woldse,
shot and killed five villagers and a
young woman, as they were retreating
from market.

To revenge the foul deed, 16 of the
residents of Ivon started out after
Woldse and his band. Woldse eluded
the posse and returned to the village
the very night the citizens had left to
look for him. He and his men went to
the houses of the 16 pursuers, and or-
dered their wives to follow them to
the cemetery, carrying picks and
spades.

Arriving there the women were com-
pelled to dig graves. When this was
done they were told to lay down in the
trenches and die. The women fought
hard for their lives, but the Bulgarians
would let none escape, and all were
buried alive. The band camped on their
graves for three hours to make sure
their victims were dead.

Two days later the Greeks returned,
each conducting a captured Bulgarian.
The villagers were asked to fetch 16
stakes, all of which were set up facing
the newly made graves. The bandits
were bound to the stakes by chains.
Their clothes were drenched with oil.
Then they were set afire, the fire be-
ing extinguished from time to time to
prolong the agony. The whole night
and a whole day they were made to
suffer while the villagers who camped
around the awful autodeafe were eat-
ing drinking, dancing, playing music
and making merry.

When the news of the "spectacle"
reached more distant villages thou-
sands rode and ran to Ivon to witness
"the fun." In this way the Turkish
authorities learned of what was going
on. But the military dispatched came
to late for interference, and the com-
mander refused to make any arrests,
since he would have been obliged to ar-
rest every man, woman and child in
the village as accomplices.

FAVORED HIGH LICENSE.

Why Henry Wished the Price Had
Been a Thousand Dollars.

"I," thundered the tall man with
the white necktie, "am in favor of high
license."

"So am I," ventured the meek little
man in the rear. "When it comes to
marriage license I—"

"Marriage license? Why sir, I am
speaking of saloon license?"

"That may be, but I am speaking of
marriage licenses. If it had been neces-
sary for me to raise a thousand dollars
to get married I would not be the hen-
pecked individual I am now."

And from somewhere in the distance
could be heard the stentorian voice of
a buxom matron calling Henry home to
wash the dishes.

BACKACHE AND SICK KIDNEYS
are quickly relieved and permanently
cured by the New Herb Cure—

Father William's Indian Tea,
Nervous Remedy, gathered in the
Rocky Mountains. Pure and simple
but sure and certain. Acts like magic
on the Kidneys and Bladder, cures
Back Ache, Congestion of the Kid-
neys, Rheumatism, Gout, Jaundice
and Bright's Disease. Give it a trial
and be convinced. Put up in Tea
and Tablet form, 20 and 35 cents a
package.

An Easy One.

A woman pays 60 cents for a shirt
for her husband and \$9 for a silk waist
for herself. What was the result of
both? What reply did her husband
make when she asked if he didn't think
she had got a great bargain on the shirt?

Is Disease a Crime?

Not very long ago, a popular magazine
published an editorial article in which
the writer asserted, in substance, that all
disease should be regarded as criminal.
Certain it is, that much of the sickness
and suffering of mankind is due to the
violation of certain of Nature's laws.
But to say that all sickness should be
regarded as criminal, must appeal to
every reasonable individual as radically
wrong.

It would be harsh, unsympathetic,
cruel, yes criminal, to condemn the poor,
weak, over-worked housewife who sinks
under the heavy load of household cares
and burdens, and suffers from weak-
nesses, various displacements of pelvic
organs and other derangements peculiar
to her sex.

Frequent bearing of children, with its
exacting demands upon the system, coupled
with the care, worry and labor of rearing a
large family, is often the cause of weak-
nesses, derangements and debility which are
aggravated by the many household cares,
and the hard, and never-ending work which
the mother is called upon to perform. Dr.
Pierce, the maker of that world-famed reme-
dy for woman's peculiar weaknesses and
ills—Dr. Pierce's Favorite Prescription—says
that one of the greatest obstacles to the cure
of this class of maladies is the fact that the
poor, over-worked housewife can not get the
needed rest from her many household cares
and labor to enable her to secure from the
use of his "Prescription" its full benefits. It
is a matter of frequent experience, he says,
in his extensive practice in these cases, to
meet with those in which his treatment fails
by reason of the patient's inability to abstain
from hard work long enough to be cured.
With those suffering from prolapsus, ante-
version and retroversion of the uterus or
other displacement of the womanly organs,
it is very necessary that, in addition to tak-
ing his "Favorite Prescription" they abstain
from being very much, or for long periods, on
their feet. All heavy lifting or straining of
any kind should also be avoided. As much
out-door air as possible, with moderate, light
exercise is also very important. Let the
patient observe these rules and the "Fav-
orite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent free
on receipt of stamps to pay expense of
mailing only. Send to Dr. R. V. Pierce,
Buffalo, N. Y., 21 one-cent stamps for pa-
per-covered, or 31 stamps for cloth-bound.
If sent consult the Doctor, free of charge
by letter. All such communications are
held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate
and regulate stomach, liver and bowels.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FAIR FROM HOME

Popular Paris Boy Succumbs to the White Plague.

A telegram, dated April 20, was received here Sunday morning from Mrs. Carl Crawford announcing the death of George T. Lyons at Tucson, Arizona, on that date. Mr. Lyons until a year ago enjoyed good health and but recently discovered that he was suffering with tuberculosis. He was advised to go to Arizona and three weeks ago left Paris for Tucson. It is supposed that the long tiresome trip weakened him so that he was unable to recuperate from the prostration. Mrs. Carl Crawford, of this city, who had been there for some months for her health, went at once to give her brother Parisian all the assistance in her power, was at his bedside when he passed away. She will accompany the remains home which are expected to reach here about Thursday.

George T. Lyons was about 35 years of age, an enterprising and successful business man and numbered his friends by the score. He was an uncompromising Democrat and an active party worker, being a member of the City Democratic Committee.

He is survived by his mother, Mrs. Maria Lyons and three brothers, Harry, Albert and Frank Lyons, all of whom reside in this city.

DAYLIGHT ROBBERY.

Money Afterwards Found Where They Had Secreted It.

Little after noon hour, on Saturday, Dick English, a white boy, porter at W. P. Hume & Co.'s grocery on Second street, came riding up Main street at breakneck speed and notified Chief of Police. Hill and Jailer Judy that Hume & Co.'s grocery had been robbed of a big sack of money.

He described the robber and told them in what direction he took. The officers started in hot pursuit, some of them going as far as Cynthiana, but no trace of the robber could be found.

W. P. Hume, in looking around the premises Sunday morning found the sack of money carefully secreted under a step in the rear of his grocery. The sack contained nearly one hundred dollars, which was intact with the exception of ten dollars which the thief had taken out before hiding his booty.

A False Alarm.

An alarm of fire from box 17, on Duncan Avenue, called the fire department out Sunday morning about 8:30 o'clock. His many friends can allay their fears of him blowing out the gas for he uses the electric lights in his home.

DIRECTORS MEET

And Preparations for the Fair are Being Pushed Forward.

The officers of the Bourbon County Agricultural Society are awake and making all preparations for the big fair in September. You who have not taken stock in this enterprise and know that it is your duty to help in this matter should not wait another minute, for this is the time your assistance is needed most.

President J. M. Hall was in the chair Saturday, and on motion the semi-circle amphitheatre was adopted by the board. It will seat 4,000.

MRS. MARY L. ROGERS,

One of Bourbon's Noblest Women Passes Away.

Mrs. Mary Lindsay Rogers, one of Bourbon's best and noblest women, passed away at the home of her son, Capt. James R. Rogers, Friday afternoon, after a protracted illness.

Mrs. Rogers was the relict of the late Warren B. Rogers, and daughter of the late Col. William Lindsay, both of whom were numbered among the leading citizens of Bourbon for many years. She was in her eighty-third year, and was a most remarkable woman in many respects. She was noted for her devotion to the Southern cause during the late civil war and never let an opportunity pass in assisting the Confederate soldiers, on more than one occasion risking her life and liberty to assist them during the war.

She was the mother of three children, Mrs. Joseph M. Jones, Mrs. R. G. Stoner and Capt. James M. Rogers the two former having preceded her to the grave.

Mrs. Rogers was the sister of Mrs. John S. Williams, of Montgomery, who survives her. She was with one exception the oldest member of the old Cane Ridge Christian church.

The funeral services were held at the grave in the Paris cemetery Sunday afternoon at 4 o'clock, conducted by Elder Carey E. Morgan.

REV. FATHER CUSACK,

New Pastor of Catholic Church Making Good Impression.

Rev. Father James Cusack has arrived from Brooksville, and entered upon his duties as pastor of the Paris Catholic Church. Father Cusack is a young man, about 40 years of age, of pleasing address and agreeable manners, and is from the very start making a most favorable impression with not only his own flock but with those of other denominations who have had the pleasure of meeting him. A Brooksville paper has the following to say on his departure from that city:

"Rev. James Cusack, who has been pastor of the St. James Catholic Church in Brooksville for the past 11 years, preached his farewell sermon on last Sunday; that his kind and gentle disposition had won the hearts of his congregation was certainly proved by their emotion during his sermon. Each seemed to feel they were losing a personal friend. He leaves the congregation in excellent condition, having built an elegant parsonage which is handsomely furnished, is out of debt and quite a nice bank account toward the building of a new church in the future. He left this morning to take charge of the Paris church, his place being filled by Rev. Father Flinn, former pastor of Flemingsburg church."

SPLASH! WENT AUNT MARY.

Corpulent Negress Fell Into Baptismal Pool, Startling the Congregation.

An unexpected baptism of a corpulent negro nurse took place in the First Christian church at Owensboro, Ky., when Aunt Mary Washington accidentally plunged into the baptismal pool. Aunt Mary is employed by the Rev. R. P. Crossfield and it was on the occasion of her first visit to his church that the accident occurred. She had the minister's baby with her and was directed to the nursery where she deposited her charge. On her way back she became confused, and by mistake entered the baptismal room, which was quite dark. The next instant the congregation heard a splash and a cry. Circuit Clerk Bedford was the first to reach the room. He plunged into the pool and pulled Aunt Mary out, but he ruined his new Easter suit.

Lark, dam of six in 2:20 list and eleven in 2:30 list, and first only mare with such a distinction.

In a table of all the great brood mares published, Lark, the dam of Sunland Bourbon, was the only one with six in 2:20 and eleven in 2:30 list. Think of it!

When you consider breeding, individuality, and the kind of colts he gets, Sunland Bourbon's fee is lower than any stallion we know of.

If you want a fine team, a good road horse, a high actor, all having speed breed your mare to Sunland Bourbon. It is well-known he gets the above kind. Sunland Bourbon made quite a reputation last year as a great road horse, and those who saw him go now know that his record is no measure of his speed.

Carpets, Rugs, Mattings, Lace Curtains. Spring of 1906.

Values That Are Unsurpassed.

Scarce three years have passed since THE RACKET opened its Carpet Department, yet in this brief space of time it has grown to be one of the largest and most popular Carpet Departments in Central Kentucky; and wherever our goods have gone the story has been one of satisfaction. The high standard of quality and lowness of price which we have maintained in the past will be fully maintained in the future. You will find Mr. Hugh Hicks in charge of this department.

TOWN OVER A LAKE.
Citizens of Charleston, W. Va.,
Alarmed Over Subterranean Pond.

Residents of Charleston, W. Va., are much aroused over the discovery of a subterranean lake and cavern, and some of them fear that the ground will fall in, burying them all and their property. Men who were blasting rock discovered the cavern and an expert with electric lights, who partially explored it by rowing about for several yards in a small boat, reports that the water is of the purest kind. J. M. Mile of the Standard Oil Company, who was also in the party, reported that many beautiful limestone formations were seen, in many cases similar to those in Luray cave, Ky. The cave is directly under the city.

THE GIRL AND THE CLOCK.
How It Happened That The Hello Damsel Kept on Being Late.

George W. Wallace, one of the best known residents of Salt Lake City, Utah, tells this telephone story:
In a certain Western central office one hello girl was always late in arriving in the morning. Time and time again the manager pleaded with her to be more prompt. Her tardiness continued until he was moved to desperate methods.
"Now, Miss B—," he said one morning as he came to her exchange with a package in his hands, "I have a little scheme which I hope will enable you to arrive at the office on time. Here is a fine alarm clock for you. Promise me that you will use it."
The young woman promised and accordingly set the alarm for the proper hour when she retired that night. At 7 o'clock the next morning there was a tremendous whirring from the alarm clock. The sleepy hello girl rolled over in bed and said sweetly:
"Line busy, call again."

PRIVATE LOCOMOTIVES
For High Officials of the Pennsylvania System.

The latest thing in "private" excellence is the locomotive. It is hereafter to be classed along with the private yacht and the private car. Three locomotives are being built at the Juniata shops of the Pennsylvania railroad for the personal use of President A. J. Cassett, General Manager W. W. Atterbury and General Superintendent George W. Creighton.
These engines are to be speedy, powerful and beautiful, and are to be reserved for special service only. For several years past the absence of brass work from locomotives has been noticeable. There will be a return of the brasswork vandy upon these locomotives. They will be beautifully modeled and all exposed parts will be highly polished. The interior of the cabs will be finished in mahogany, and the driving wheels will be covered with dust guards, patterned after the Deghenn French engine.
